Other efforts - WestLAHomeless Efforts:

- WHLH has filed for 501c3

- Negotiations are with the People Concern to be a receivership for donations in the interim, however with massively fluctuation revenues for both the city and state, they have to wait until the end of the month to know their standing...meanwhile, WSSM board held a meeting whereby they have agreed to contribute \$15,000 towards the POA (contracting dedicated multidisciplinary outreach team) -

Notable uptick in encampments along freeway, Palms Park, Sepulveda, and Exposition - learned that LA-HOP is over tasked and UNABLE to manage the pipeline of reports -
