

**The Westside Neighborhood Council supports and includes for official input to the Los Angeles Department of City Planning in reference to the West Los Angeles Community Plan update, a delay of 6 months (6-12 months?) due to COVID 19 and restrictions related to public access, meetings and participation and further requests the following:**

An appropriate assessment of how the COVID 19 and future pandemics will impact current and future mobility, housing, design, environmental and health and safety needs and concerns,

Current and future data projections relevant to the task of updating the WLA Community Plan,

Incorporation of an additional step in the WLA Community Plan update timeline that allows for presentation of the staff draft plan and an associated public comment period. Allocation of time for staff to review public comments and incorporate changes to reflect input prior to issuing any NOP for the start of the environmental review process. It is improper to issue an NOP and conduct a DEIR for a draft plan that the community has had neither the chance to see or review.
